

PROSPECTUS

1. ABOUT CMS COLLEGE

CMS College is a 200-year-old heritage institution, one of the oldest and most prestigious institutions of higher education in India. The well-maintained grounds and the structure of the college have been the locale for many cinemas over the years. Our Academy premises provide you with a professional environment in which to study and interact with other students and our lecturers, not just from JFC, but also from the rest of the faculty. This will broaden your horizon and build relationships that last a lifetime.

Founded in 1817, the CMS College, Kottayam is now one of the largest colleges in Kerala with 23 departments offering 47 courses for 2521 students, 138 teaching faculty members, and 35 administrative staff. Deeply rooted in Kottayam and dedicated to its mission, the CMS College is one of the top colleges in Kerala.

With its 23 departments, the CMS College offers programs in almost all academic fields in arts and sciences. Whether you have a passion for basic sciences, applied sciences, literature, history, politics, commerce, or economics, you will find a department that best suits your needs.

2. ABOUT JFC

Jayaraj Institute of Film and Communication is a brainchild of Jayaraj, an Internationally acclaimed Indian Filmmaker.

We open our doors to a new generation of storytellers and filmmakers and invite you to explore and expand the power of your imagination and fulfill your potential in the world of film, television, and new media.

If filmmaking is your dream and passion, this course at JFC will help turn your dream into a reality.

3. DIPLOMA IN FILM MAKING

Designed to model the Film and Television industries, our curriculum provides a hands-on, intensive introduction to filmmaking.

We have an excellent tutor-to-student ratio. Therefore, you will work in small groups, receiving the attention you need and excellent access to state-of-the-art professional-standard filming equipment and software.

We have developed our programs with the needs of our students as paramount. These programs require high levels of engagement from students and equip them to enter the professional world in seven months.

This, therefore, has implications in terms of saving on both time and costs, as compared to other programs.

4. OVERVIEW OF CURRICULUM

Film Direction

Screen-play writing

Cinematography

Animation

Editing

Audiography

Acting

Lessons in History

Literature

Music and Arts

Production design

Production & Distribution

Training will be provided on state-of-the-art Professional Cinematographic Equipment and Editing software. Movie theatre, Editing Lab, and Shooting floor are available.

The course is designed to be in the format of practical classes. Apart from regular faculty members, National and International experts from the film industry will conduct classes in various subjects.

5. ELIGIBILITY

Higher Secondary or equivalent will be the minimum qualification that will make you eligible for this course.

We would also welcome students with higher specializations.

We are committed to encouraging individuals with Special Needs to train at JFC.

Existing students of CMS and outsiders are eligible to be admitted to the course.

6. SELECTION

Candidates should submit the completed application form.

Eligible candidates will then be selected based on an interview conducted at CMS College.

7. FEE STRUCTURE

Fees for the Course will be Rs 95,000.00 + GST as applicable.

For existing students of CMS College, this will be Rs 85,000.00 + GST as applicable.

The fee in full should be paid at the time of enrollment for the course.

9. DURATION OF COURSE

This is a part-time Course and will be conducted on Saturdays, Sundays and Public holidays.

The duration of this course shall be 7 Months (excluding a grace period of 2 months subject to requirement).

10. RULES & INSTRUCTIONS

This Course at JFC is not affiliated with any University.

Each student must make a documentary, a music video, and a 10-minute short film at the end of the course, and the project will be assessed by external examiners.

These projects will be released through the OTT platform Roots Video and the YouTube channel of Roots Video. The rights of these projects would be entrusted with JFC.
